MERRY CHRISTMAS
HAPPY NEW YEAR

The Rogallos

(over)

This is a photo of my 23 year old daughter Carol Flying one of our wings in front of our cottage at Kitty Hawk, North Carolina, a place made famous by the Wright Brothers' first flight in 1903. I have also flown on this wing in the sea breeze as shown. Now and then we read of the activities you got started in Australia.

Sincerely
F. M. Rogallos
